

BUNDAMBA INLINE HOCKEY CLUB Inc.

INHOUSE (SOCIAL) HOCKEY

Inhouse, otherwise known as social hockey, is played on a Monday night. There are two sessions - the first is run from 6:30-7:30 pm for smaller players and the second session from 7:30-8:30 pm for players around 12 years & up depending on size and experience. The cost is \$12 (plus \$3 equipment hire if required) payable to the club on the night. It's important that we start on time for each session so please arrive 30 minutes beforehand so that you can allow yourself plenty of time to be dressed and we can have teams ready to go.

To play this game you must be a club member and be able to display basic hockey skills. The membership fee for social hockey is \$65 for the year which includes Skate Australia membership and club registration.

You will also need to wear safety gear, which is displayed in our information booklet. If you are not ready initially to make the commitment of purchasing safety gear, kits are available to be hired and returned on the night.

We sometimes can get hold of secondhand gear players have grown out of at a reasonable price but if you are interested in purchasing new equipment we highly recommend the Skateaway shop as they are very competitive with their prices. As a club member you will receive a 10% discount.

When you arrive to play we will divide the players up into teams according to your skill level so that we have balanced teams and the game is fun and exciting for everyone. We also lend players a jersey so they can easily identify their team mates.

Social hockey is played approximately from the start to end of the school year excluding school holidays.
